### The Canon RP Extension Grip EG-E1 | Norman Camera

The Canon Hand Strap E1 requires a 1-Series body or a battery grip for attachment. However, hand straps including the E-1 do not provide portrait grip support. So you need to add the weight and bulk of a portrait/battery grip to a non-pro body for no other reason than to attach the E-1? Well, you still get the extra battery and you can still ...

The battery door must be removed (an easy task) to allow the EG-E1 grip to be installed with a door on the grip providing access to the battery. Canon's battery grips usually provide a safe, convenient place to store the door, but I did not notice this feature on the EG-E1. A threaded tripod insert is provided on the bottom of the camera.
