Information Systems Today: Managing the Digital World, 8th ...

Overview. For teachers: Overview. Our primary goal for Information Systems Today: Managing The Digital World, 8/e, was to emphasize the importance of information systems to all business students as the role of information technology and systems continues to expand within organizations and society. Most notably, we extensively examine how five big megatrends—mobile, social media, the Internet of Things, cloud computing, and Big Data—are transforming individuals, organizations, and society.
