Label Text Claude Lorrain helped pioneer the development of the "ideal" landscape: balanced, harmonious compositions often featuring classical ruins and figures from ancient history or mythology. Here, a flute-playing shepherd and his companion make music with a reclining nymph (female nature spirit). A lusty satyr (a forest spirit that is part goat) coaxes a rather reluctant nymph to ...

Wyckoff explores Montana's physical and cultural landscapes by pairing photographs taken by state highway engineers in the 1920s and 1930s with photographs taken at the same sites today. They offer views of how Montana has changed in the past 80 years, and how it may continue to change in the 21st century. Softcover, 196 pages, maps, photos.

On the Road Again: Montana's Changing Landscape

Nature, in all the splendor and power of a luxuriant vegetation, of flowers carpeting the green grass with their many colours, of trees laden with fruits, speaks to us of life and health. The countryside is joyous with the song of birds, joyous with the delicious breeze bringing the wanderer in the fields the sweet scent of all these manifestations of goodness and beauty.
