List. The list includes two major rivers, the Rhine and the Rhône, that have their source in Switzerland, while others flow out of France into Germany, Luxemburg and Belgium (the Sarre, Moselle, Sambre, Escaut and Lys). Cross-border canals change their name at the border. The canals are listed in order of the Sort name column. Locations given in red are temporary limits of navigation, where ...

List of canals in France - Wikipedia

France - France - The growth of a professional bureaucracy: But the king also found another means of filling his exchequer that had nothing to do with traditional methods: he began to sell offices on a large scale. Venality, or the sale of offices, was not novel in early 16th-century France; traces of the practice can be found in the 13th century.

France - The growth of a professional bureaucracy | Britannica

In October 1887, the Superior Advisory Committee, released its report. The eminent French engineers established the possibility of building a high-level lock canal through the Isthmus of Panama. The plan would allow vessel transits while, at the same time, permitting dredging of a channel to sea level sometime in the future.
