The Nurse's Guide To Home Health Care: A handbook for ...

A nursing home is normally the highest level of care for older adults outside of a hospital. Nursing homes provide what is called custodial care, providing help getting in and out of bed, and assistance with feeding, bathing, and dressing.

A Guide to Nursing Homes - HelpGuide.org

Working in a nursing home is special in that you'll be a member of the care team collectively taking care of your residents. And because these are long-term care residents, you'll get to know them and their conditions much better than in other types of nursing positions. Everyone works together to provide the best care for the residents.

The Beginner's Guide to Working in a Nursing Home ...

All registered nurse specialty areas require an Associate Degree in Nursing (ADN) or Bachelor of Science in Nursing (BSN) degree and successfully pass the state's NCLEX-RN exam. However, home care has an increasing demand for staff, so ADNs, LVNs, and CNAs can fill many positions, and BSN degreed nurses may branch into more managerial roles.

Guide to Improving Nursing Home Employee Satisfaction

The long stay resident quality measures show the average quality of care for certain care areas in a nursing home for those who stayed in a nursing home for 101 days or more. Residents in a nursing home for a long-stay are usually not healthy enough to leave a nursing home and can't live at home or in a community setting.
